o. The purpose of the consultation is to assure quality care, and every effort is made to protect the identity of clients. You will be notified as to whom and when requested given a release form to sign prior to the consulting.

p. A proceeding for discipline of a licensee, registrant, or certificate holder may be added to existing statutes; commenced when the board that licenses, registers, or certifies the licensee, registrant, or certificate holder has reasonable grounds to believe that the licensee, registrant, or certificate holder under the board's jurisdiction has committed any act or failed to act pursuant to the grounds established in section 12-43-222 or 12-43-226. (II) (A) Any person who alleges that a licensee, registrant, or certificate holder violated a provision of this article 43 related to maintenance of records of a client eighteen years of age or older must file a complaint or other notice with the board within seven years after the person discovered or reasonably should have discovered the misconduct. A licensee, registrant, or certificate holder shall notify a client that the client's records may not be maintained after the seven-year period for filing a complaint pursuant to this section. The required notice must be provided to the client in writing no later than one hundred eighty days after the end of the client's treatment. The notice may be included with the licensee's disclosures pursuant to section 12-43-214 (1) or sent to the client's last-known mailing address. Consistent with all procedural requirements of this article 43, or otherwise required by law, the board must either take disciplinary action on the complaint or dismiss the complaint no later than two years after the date the complaint or notice was filed with the board. (B) The seven-year limitation period specified in subsection (1)(a)(II)(A) of this section does not apply to the filing of a complaint or other notice with the board for any other violation of this article 43, including the acts described in section 12-43-222 or 12-43-226.

q. If an adult client requests a copy of the file then my policy is to provide a treatment summary. In the rare case that SSA or a disability agency requests a copy with a specific release for the actual record then the entire copy of the file may be released.

r. If a couple/family client needs individual therapy individual(s) will be referred. Otherwise couple/family therapy would need to be terminated and couple/family therapy could not resume, and must have written consent of all parties. The risk is one party could subpoena therapist later while treating one and giving information on the couple/family causing complications. Couple/family clients may have individual break-out sessions to support the goals of the couple/family, for intake and assessment. During break-out sessions with one member of the couple/family, we limit confidentiality, meaning anything that's shared in break-out sessions may be shared with the other member(s) to effectively treat the couple/family, with consent. With consent I will use my best judgment as to whether, when, and to what extent first the disclosing member be given the opportunity to share it or I make disclosure to the couple/family, if appropriate. Such information becomes part of the couple/family client's file, and may indicate need to terminate couples/family therapy if shared information indicates continuing couples/family therapy could cause harm, i.e. ongoing affair or characterological domestic violence. As long as no major extreme conflict exists between siblings, they may both receive services here. If you feel it necessary to talk about matters you absolutely don't want to be shared with anyone then consult with an individual therapist who can treat you individually. This prevents a conflict of interest of an individual and a couple/family. Information gained in break-out sessions may be relevant or essential to proper treatment of couple/family. If I am not free to exercise my clinical judgment regarding the need to bring this information to the couple during therapy I might be placed in a situation where I will have to terminate couples/family therapy. This policy intends to prevent such need for termination. A request for records by anyone in couples/family therapy requires the signed authorization of all privilege holders. Information shared by a collateral is not confidential and may be shared if subpoenaed to testify.

5. METHODS AND TECHNIQUES

Therapist integrates mindfulness-based Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, Solution-Focused Therapy, and systemic therapies and techniques with a strengths-based approach, utilizing the evidence-based treatment modality appropriate to the client and presenting issues. Therapist also practices trauma-focused play therapy modalities, such as child-centered therapy. Issues of special interest are life struggles, relationships, trauma, anxiety, and depression. Duration is determined by need and measured progress.

5a. OUTDOOR THERAPY

Spending time outdoors during counseling sessions can be very valuable and is an option when you meet with me. However, you must know that certain situations outdoors may lead to encountering the risk of others in the community seeing a counseling session take place. Similar to group counseling, confidentiality cannot be guaranteed in outdoor counseling settings. However, I will do my best to ensure your physical and emotional safety. Clients agree to inform the counselor of any medical issues that may impact client safety during outdoor sessions (examples include, but are not limited to, allergies or heart conditions).

6. NOTICE OF PRIVACY PRACTICES RECEIPT & ACKNOWLEDGMENT OF NOTICE

You have been offered a copy of Therapist's "Notice of Privacy Practices" to read and it is available on our website below. If you have any questions regarding the Notice or your privacy rights, you may inform Therapist.

Client Refuses to Acknowledge Receipt

7. DISCLOSURE REGARDING DIVORCE AND CUSTODY LITIGATION

If you are involved in divorce or custody litigation, my role as a therapist is not to make recommendations to the court concerning custody or parenting issues. By signing this Disclosure Statement, you agree not to subpoena me to court for testimony or for disclosure of treatment information in such litigation; and you agree not to request that I write any reports to the court or to your attorney, making recommendations concerning custody. The court can appoint professionals, who have no prior relationship with family members, to conduct an investigation or evaluation and to make recommendations to the court concerning parental responsibilities or parenting time in the best interests of the family's children. If you subpoena me or records I will obtain an attorney to oppose it in order to preserve the extremely important therapeutic relationship. Harm may result in the clinical relationship when MFTs are forced to testify and to share treatment information regarding their children clients. If children client's confidentiality is betrayed it may risk loss of therapeutic alliance and trust. Despite this should client subpoena therapist to testify in court about therapy sessions, therapist testimony in court is limited to statements of fact about therapy sessions conducted with client and attending parties. Therapist is NOT qualified to offer opinions in matters of custody, parental fitness, and topics beyond the scope of the therapy sessions. Therapy sessions are protected by HIPAA and the Colorado Revised Statutes, and client/therapist confidentiality will be invoked during testimony, except where explicit or implied consent has been given by all parties attending those sessions being addressed. The judge may order therapist to testify, and therapist may appeal judge's order under certain extraordinary circumstances. Therapist fee is \$300/hour, "door-to-door", regardless of whether therapist testifies, with a \$600 retainer due prior to the court date. If it is not paid for prior to giving testimony, therapist will inform the judge of that fact.

8. BILLING

Should you utilize insurance benefits, you authorize the release of any medical or other information necessary to process this claim and payment of medical benefits to the undersigned supplier of services (therapist). You also request payment of government benefits either to yourself or to the party who accepts assignment below (therapist). You acknowledge that some specific services are not a covered benefit by insurance and agree to

pay, for example, many insurance companies including Medicaid do not cover couples counseling and clients are responsible for paying for that.

9. LATE CANCELLATION/NO SHOW/TERMINATION POLICY AGREEMENT

You shall keep all scheduled appointments, unless a personal emergency occurs, and shall give notice of at least 24 hours of intention to cancel your appointment. If you leave a message, the date and time of the message will serve as the basis of when notice was made. If appointment is canceled at least one hour, but less than 24 hours, you will be charged \$25 for the scheduled session (LATE CANCEL FEE). Cancellations of less than an hour will be considered a “NO SHOW” and you will be charged a full session fee, unless an emergency occurred determined by therapist. The first time each of these occurs you will not be charged (grace). However, if this should occur a second time, you will be charged. Grace is always given for sickness and unsafe weather/road conditions. You will be responsible to schedule the next appointment within a week. If you do not then Therapist will call once to clarify your wish to continue or terminate therapy. If you do not respond within a week therapist will document termination of therapy. Therapist will acknowledge termination by documenting it with reasons in the record. Therapist reserves the right to terminate therapy when appropriate and ethical.

10. RESPONSIBILITIES, PAYMENT FOR THERAPY FINANCIAL AGREEMENT

Your appointments will usually be 30 (child), 45 (adult/EAP), or 60-75 (trauma/family) minutes, posted and charged the standard rates, or sliding fee scale below with documentation of your household monthly/annual income.

As the financially responsible person for the account (or if the EPA presents as a parent/guardian to the client) you/they are ultimately responsible for all fees described in this agreement and will pay at time of check-in for all portions of services due in full at the time services are provided by therapist. Payment methods accepted: Cash, Personal Check, or debit or HSA card via Square or Electronic Payment Agreement. The information provided on the Electronic Payment Agreement form will be the information that will be charged. If client has a parent or guardian paying for the service, the parent or guardian that signed the Electronic Payment Agreement fully agrees to cover all portions of the service. It is the Client, parent, or guardian’s responsibility to change form of payment with the awareness of the Therapist. Therapist currently takes Medicaid clients, but if there is any other insurance, there will be a flat fee upon the initial agreement for each session. The fee amount is subject to change every year with notice, particularly the month of June.

A \$25 NSF insufficient fund charge is assessed for returned/declined checks/payments, and checks that are not paid within 2 weeks of being returned to Therapist’s office are handled as unpaid bills. Unpaid bills may be submitted to collection services, credit reports, court, and the local district attorney’s office. You will then be required to make all payments in cash. In persistent cases a discharge from the practice may be appropriate for nonpayment situations. You may be charged for phone consults of 10 minutes and more with therapist based on the standard rates below with a minimum 30 minutes rate.
